WORK HEALTH AND SAFETY: QA 3 - No.19

It is the Work Health and Safety Policy that every employee, volunteer, client and visitor entering MOOSH shall be provided with a safe and healthy environment. To achieve this, every reasonable effort will be made to minimise the risk of serious injury or workplace related illness by implementing safety rules and procedures. This is in accordance with: Work Health Safety Act 2011 (NSW) Health Safety Regulations 2017 (NSW) MOOSH has a Policy called Work Health and Safety Policy and Providing a Child a Safe Environment. These Policies are comprehensive Work Health and Safety Policies. They are available for families on request and located near the sign on/off table. Children are cared for in a tobacco, vape, drug and alcohol-free environment.

CHILD PROTECTION:**QA 2 - 2.2.3**

We believe that the welfare of all children is of paramount importance and that the Centre has an obligation to defend the child's right to care and protection. Staff and management have a responsibility to take action to protect children they suspect may be abused or neglected. Our Centre will carry out the responsibilities of mandatory reporters as indicated under legislation. This responsibility involves following procedures as outlined by Community Services and the NSW Commission for Children and Young People.

A 'Responsible Person' who holds an up-to-date child protection certificate, First Aid, Asthma anaphylaxis and CPR certificate is present at MOOSH each shift.

CHILDRENS HEALTH & SAFETY:**QA 2****When should I not send my child to the Service?**

MOOSH is a busy and demanding day for the bodies and minds of our children, we are not equipped to care for sick children; however, we will do everything we can to comfort a child who has become sick whilst in our care.

To try and prevent the spread of illness and disease please monitor your child's health and watch for:

- **A runny, green nose**
- **High temperature**
- **Diarrhoea**
- **Red, swollen or discharging eyes**
- **Vomiting**
- **Rashes**
- **Irritability, unusually tired or lethargic**

Please do not bring your child to the Service if they display any of the above symptoms. If a child becomes ill whilst at MOOSH, the child's parents or person responsible for the child will be contacted to organise collection of the child. If the child is unable to be collected, educators will contact the child's emergency contact for collection.

When the child is collected, the family will have the following information made available to them to present to their doctor: symptoms, date of onset, general behaviour of the child leading up to the illness and any action taken.

Your child should not attend MOOSH if they have had Panadol or Neurofen within 24 hours for a temperature. It is extremely important that staff members are aware if a child has had either medication, so we do not re-administer and potentially overdose.

Children who are on antibiotics are to be kept away from the Service for the first 24 hours to allow the child to rest and the risk of spreading the infection to decrease.

If your child has been away due to illness, please check with MOOSH as to whether or not you will need a certificate before your child returns.

We do not permit drugs, alcohol, tobacco and vape in or on surrounding areas of MOOSH by educators, staff, parents or visitors.

INFECTIOUS DISEASE:**QA 2 -57**

The National Health and Medical Research Council have supplied the following information regarding exclusion from the Service of a child suffering with the following diseases/ailments. Please inform staff if your child has any of the following so that we can let families and Health Department know if something is going around and avoid an epidemic. (Confidentiality is always maintained).

The less contact there is between people who have an infectious disease and people who are at risk of catching the disease, the less chance the disease has of spreading. Excluding sick children,

educators and other staff is an effective way to limit the spread of infection in education and care services.

IMMUNISATION:

QA 2 –54

From 1 January 2018, children who are unvaccinated due to their parent’s conscientious objection can no longer be enrolled in child care. The Public Health Act 2010 prevents NSW child care centres from enrolling children unless approved documentation is provided that indicates that the child:

- Is fully immunised for their age
- Has a medical reason not be vaccinated
- Is on a recognised catch up schedule

The relevant vaccinations are those under the National Immunisation Program (NIP), which covers the vaccines usually administered before age five. These vaccinations must be recorded on the Australian Childhood Immunisation Register (ACIR).

Children with medical conditions or natural immunity for certain diseases will continue to be exempt from the requirements.

MEDICATION:

QA 2 -10

Educators can only administer medication prescribed by a doctor. They cannot administer non-prescription drugs or dietary supplements unless a doctor provides the Service with written authorisation.

Educators can only administer medication to a child from its original packaging with pharmacy instruction sticker.

On arrival at the Service families must give medication to Educators for safe storage and complete a medication authorisation form. Under no circumstances should medication be left in children's bags.

ALLERGIES & ASTHMA:

QA 2

It is vital that we are aware of any allergies or asthma. Families are required to explain any allergy or asthma on the enrolment form as well as provide us with the diagnosis from the doctor. MOOSH has a procedure the staff follow to minimise allergic reactions.

MOOSH requires an Action Plan filled in by your Doctor to assist in managing your child's needs. The Action Plan is required to be updated every 12 months or if modified.

ACCIDENTS / INCIDENTS:

QA 2 - 4

The Nominated Supervisor will contact parents immediately if a child is involved in a serious accident at the Service. As a matter of extreme importance, families must ensure that the Service has up to date emergency contact numbers.

An incident report will be filled out for all accidents, injuries and illnesses. This will contain details of the accident /injury/illness, any first aid that was administered, and be signed an educator, the Nominated Supervisor and by the family.

RATIOS AND SUPERVISION:

QA 2- 2.2.1

MOOSH operates ratios as per regulations.

BSC, ASC, PFD and Vacation Care: 1 staff – 15 children

Excursions: 1 staff – 8 children

Water activities 1 staff – 5 children

For more information, please go to education.gov.au/childcare.

DELIVERY & COLLECTION OF CHILDREN:

QA 2

For security reasons, children must be signed in individually upon arrival by an adult and not just dropped off at the gate or the door. Children must also be signed out individually at the time of collection. Only identified people aged 18 years or over are able to drop off or collect children.

Health, Nutrition and Wellbeing

HEALTH, NUTRITION AND FOOD SAFETY:

QA 2-49

Healthy Eating- MOOSH encourages healthy eating and follows the Heart Foundations "Eat Smart Play Smart Manual". We aim to ensure all children in care with MOOSH are offered a nutritious and appropriate diet that has been stored and prepared in a safe and hygienic manner.

Fruit is served with every meal.

Children will need to bring a healthy recess and lunch. Please do not send chips, lollies/chocolates, highly processed foods, chocolate custards or desserts, pizzas, sausage rolls, pies, flavoured milk, roll ups or other high sugar bars, biscuits or cakes.

These items will remain in your child's lunch box for home time.

FOOD SAFETY:

QA 2 -49

In line with the 'Rite Bite' strategy (DECS Healthy Eating Guidelines), staff will not heat, preheat or cook food brought from home due to the 2010 food safety requirements; neither will staff provide boiling water for noodles.

Families are encouraged to share family and multicultural values and ideas to enrich the variety and enjoyment of food by the children.

High standards of hygiene will be maintained throughout all food preparation.

Allergies and special dietary requirements can be catered for. Please ensure to include this information on enrolment form and discuss with staff.

A healthy lunch box environment is a group effort by all families and staff.

MEALS AT MOOSH:

QA 2 -49

- **Before School** – For children who come between 6:30am – 8:00am a breakfast is served.
- **After School** - Afternoon tea is served around 4:15pm with fresh drinking water available at all times.
- **During Vacation Care** an optional healthy breakfast will be provided prior to 8.00am. Afternoon tea will be provided from a nutritious monthly menu (On Display near the kitchen) Children are encouraged to have input into the menu and assist in the preparation and housekeeping duties.

ADMINISTRATION OF MEDICATION:

QA 2– 10

MOOSH staff will assist with the children’s medication only when:

- A Medication Authority is provided by the doctor with written instructions.
- It is prescribed by a doctor (including medication that can be bought over the counter) and has the original label detailing the child’s name, required dosage, and storage requirements.
- It comes with a Health Support Plan and written instruction
- The parent has completed and signed the service’s Request to Administer Prescribed Medication form.
- All medication must be handed directly to the MOOSH staff member in charge.
- Families can supply thermal carry packs to maintain safe temperature storage and for ease of transport during excursions.

ACCIDENTS:

QA 2– No.4

Parents are required to provide written authority (included in the enrolment form) for staff of the service to seek medical attention for their child if required. Minor and serious accidents will be tended to as set out in the Accident, Incident, Injury, Trauma and Illness Policy. If deemed necessary, in the case of a serious accident, the child will be taken by ambulance to the nearest hospital and the parents/emergency contact will be notified as soon as possible. We recommend that families have private ambulance cover. In the case of a dental emergency, if parents cannot be notified, we will seek immediate attention from a dentist. The service is not responsible for any costs that may occur.

SAFE FOOTWEAR AND CLOTHING:

QA 2– No.20

Closed in shoes must be worn for foot protection. Children are not to wear strappy sandals, thongs, scuffs, clogs or footwear with heels. This is for the safety of the child to prevent accidents while skipping, playing sports and during craft activities that could result in an object falling on their feet. Children should wear sensible clothing appropriate for the weather and the activities they are engaging in – no good or best clothes. Shoulders, midriffs and hips need to be covered. Children are encouraged not wear jewellery. All clothing to be labelled with the child’s name.

HYGEINE:**QA 2– No.50**

We provide a healthy and hygienic environment that will promote the health of children, staff and parents. All people in the Centre will follow preventative measures in infection control. Staff will ensure they maintain and model appropriate hygiene practices. Educators will engage children in experiences, conversations, routines and responsibilities that promote children's understanding of the importance of hygiene for the well-being of themselves and others.

SUN PROTECTION:**QA 2– No.68, 69**

MOOSH aims to balance the risk of skin cancer from too much sun exposure with maintaining adequate vitamin D levels in our children. We aim to take a sensible approach to sun protection in our service that empowers children to take responsibility for their own health and wellbeing. Children will need to bring a hat (**wide brimmed**) and apply sunscreen. Sunscreen is available at MOOSH. Children who are unable to wear MOOSH sunscreen will need to provide their own.

SLEEP, REST AND RELAXATION:**QA 2– No.66**

MOOSH will ensure that all children have appropriate opportunities to sleep rest and relax in accordance with their individual needs. The service has a duty of care, it is a requirement that all educators implement and adhere to this policy to ensure we respect and cater for each child's specific needs. Our service defines 'rest' as a period of solitude, calmness or tranquillity. Considering the busy and energetic nature of the children's day, we feel that it is important for children to participate in a quiet/rest period during the day in order to rest, relax and recharge their body. Effective rest strategies are important factors in ensuring a child feels secure and safe in their environment. MOOSH provides a Calming Space, Quiet Area and Book Space and often dims the lights to create restful spaces.

EMERGENCY PROCEDURES:**QA 2– No.30**

We provide an environment that provides for the safety and well-being of the children at all times. All children and staff will be aware of, and practiced in emergency and evacuation procedures. In an event of an emergency, natural disaster or threats of violence, these procedures will be immediately undertaken. Procedures are clearly displayed near each entrance and exit and near the office entrance.

CHILDS BELONGINGS:**QA 6– No.15**

Children are encouraged to care for and look after their own belongings – bag, hat, lunch box etc. Please label all of the items your child's needs whilst at MOOSH. We ask that children do not bring in toys or special items from home. It can be distressing for children to misplace their toys from home and can cause conflict between children. Children often want to share or show other children or educators special things from home, but these treasures may be easily broken or lost. To save the upset and heartache, parents are requested to encourage children to leave their toys at home, unless they are essential to a child's emotional wellbeing and/or sense of belonging. We have numerous stimulating toys and resources for all children to play with and are in numerous quantities, catering to their interests.

NQF:**QA 1– No.14****Educational Programs and Policy**

MOOSH is excited to be meeting the National Standards Guidelines for OOSH Centre's. Please find our policies, procedures, policy review and QIP on the table next to the sign on/off table.

Feel free to offer suggestions for improvement or give us praise on what we are doing well.
Your feedback is important to us, we love your input!

PROGRAMS, EVALUATIONS AND CRITICAL RELECTION: QA 1– No.1,2,10

MOOSH programs are based on approved learning framework (NQF (1.1.1) "MTOF". MOOSH will provide experiences that reflect a high quality school age program providing a safe and nurturing environment that meets the individual needs of each child. Each day there is a variety of activities offered to the children including arts & crafts, outdoor sports and games, and time in the playground. We have a TV, play station and video available. We also have pool and soccer play tables, a home corner and quiet area. Children are given a choice of pastimes and we offer a range of non-taxing activities to enjoy before and after school.

Children are able to help themselves to a wide range of resources as they please.

Our programs are not only spontaneous but are set to cater to children's need and interest, which are established through observation and communication through the children and their families.

Vacation programs are issued to families close to holiday periods, with consideration to the season. We include an extensive range of physical, creative, imaginative and quiet activities each day.

Throughout Vacation Care, Fridays are excursion days. Our excursions vary from local to exploring the wider community and are always popular.

Weekly programming is displayed and we encourage families and children to give us input for our planning. Please feel free to communicate suggestions to staff or in our suggestion box on the sign on table.

Critical Reflection drives our program planning and implementation.

VACATION CARE EXCURSIONS: QA 1

Excursions are an integral part of the MOOSH program and is part of the Vacation Care Program. We provide opportunities to expand and enhance children's experiences, explore different environments and engage with the community. Excursions also provide opportunities for children to gather at special events and join as a larger group. These larger group experiences allow children opportunities to socialise with a range of children and adults.

Parental permission is required for all excursions.

Each excursion is carefully planned, and advance notice with all details relating to the outing, and the risk assessment will be provided to parents. When planning excursions, educators will take into consideration experiences that encourage children to investigate ideas, solve problems and use complex concepts and thinking, reasoning and hypothesizing and to transfer and adapt what they have learned from one context to another ("My Time, Our Place" Outcomes 4.2, 4.3).

On days when an excursion is planned, there are no facilities for the child to stay behind at the Centre. The Centre reserves the right to cancel any excursion if reasonable attendance is not reached. Children who display inappropriate behaviour whilst on excursions, or at the Centre, may be excluded from excursions at the Coordinators discretion and in line with Centre Policies.

RESPECT FOR SELF, OTHERS AND THE ENVIRONMENT follows the MOOSH Behaviour Management Policy. The staff at MOOSH work closely with each other and the child’s family to develop behaviour management plans that are appropriate for the child.

- Children are expected to use their manners – please, thank you and excuse me.
- Children expected to speak nicely to everyone and not use hurtful or offensive language.
- Children expected to play sensibly and not use physical violence or play physically violent games.
- Children are asked to tell an adult when they need to go to the toilet when outside.

SUSPENSION AND EXCLUSION OF CHILDREN:

QA 6– No.7

MOOSH strive to provide a safe, healthy, relaxing and nurturing environment for school age children where they feel comfortable and valued. We believe that staff are entitled to feel safe in the duties that they perform at all times. All children will adhere to the rules, which will be presented to them positively and clearly. If after consistent and persistent breaching of these rules, or in certain cases if rules are blatantly ignored putting the safety of children or staff in danger, MOOSH has the right to suspend or expel children from care.

There can be a number of reasons why children may be excluded from MOOSH.

- Because their behaviour is a danger to themselves or others.
- Because their behaviour requires extensive supervision from staff that may be to the detriment of other children (for example, a child constantly going out of bounds and staff required to leave the area to retrieve him/her)
- Because they are extremely insolent, disruptive, persistently disobedient or violent apart from the above reasons, there may be reasons that are not related to a child’s behaviour that may warrant a child’s exclusion or temporary suspension, for example:

- Repeated and frequent late collection of the child by the parent/guardian
- Fees consistently unpaid by the parent/ guardian In relation to children’s behaviour, expulsion and/ or suspension should be considered as a last resort.

Exclusion or suspension due to illness or injury can be found in the previous section.

QA 5– No.1

Children will be encouraged to explore and share a range of cultural activities and experiences in an environment free from racial prejudice and harassment.

Governance and Leadership

PRIVACY AND CONFIDENTIALITY:

We treat each family’s personal information with respect and confidentiality. We will only release information where the law requires it. For further information, please speak to the MOOSH Coordinator. Families are required to complete the online Child Care Subsidy assessment via myGov website prior to starting at the Service. This will determine your eligibility and level of Child Care Subsidy entitlement. On enrolment, we require the CRN of the person linked with the child, along with the child’s CRN so we can confirm and register attendance and ensure that you are receiving the appropriate subsidy.

We do this by engaging children in discussion about sustainable practice, encouraging them to participate in a recycling program, reducing energy and conserving water. We aim to provide children with the skills and knowledge required to become environmentally responsible.

Collaborative Community Partnership

MOOSH prides itself on being involved with many other community organisations and businesses to enhance the children's learning and development.
